

Covid 19

PATIENT INFORMATION

As you will be aware, we are currently dealing with the coronavirus pandemic which has drastically altered how we see patients. We would like to reassure you that we take your safety very seriously and have put the following measures in place in order to reduce transmission.

Attendance to the clinic is strictly by appointment only

We may check your temperature upon arrival. If there is an indication of fever you will be asked to reschedule.

Pre-appointment screening will take place by phone and you will be asked questions about your medical history and general health status.

Attend alone where possible and avoid bringing any unnecessary bags to the clinic.

Please attend no more than 5 minutes before your appointment to help enable social distancing between patients. You may be asked to wait outside and will be called in when the practitioner is ready to see you.

Please use the alcohol gel provided on entry and exit

Cashless payment will be the preferred method for treatment.
